### **DETAILED ACTION**

1. Acknowledgement is made of Applicant's amendment dated 2 August 2005, responding to the 31 May 2005 Office action provided in the rejection of claims 1-29 and 54-57, wherein claims 1, 2, and 23 have been amended, claims 28, 29, and 54-57 have been canceled, and new claims 59-62 have been added. Claims 1-27 and 59-62 remain pending in the application and have been fully considered by the examiner.

### ***Allowable Subject Matter***

2. Claims 1-27 and 59-62 are allowed.

3. The following is an examiner's statement of reasons for allowance: The cited prior art taken alone or in combination fail to teach, in combination with the other claimed limitations, installing a set of computer-executable instructions as a transaction using rollback features of a configuration manager residing on a mobile computing device... such that the configuration manager is enabled to parse both configuration setting instructions as well as file operation instructions included in installation instructions...where the configuration manager sends parsed installation instructions to one or more configuration service providers. These limitations are present in each of independent claims 1 and 23. The distinctions provided by the independent claims apply equally to all dependent claims. Thus all pending claims 1-27 and 59-62 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
